

REMARKS

Applicants have amended claims 1 and 28. Applicants request entry of these amendments and allowance of the present application.

Applicants note that in the Advisory Action the Examiner stated "it doesn't appear Beyda performs what applicant argues (i.e. user simultaneously inputs verbal and non-verbal input that corresponds to one of plurality of meaningful phrases which is recognized by the system)." Inasmuch as the Examiner has indicated allowable subject matter in the statements of the Advisory Action, Applicants have made the above amendments and respectfully submit that the present application is in condition for allowance.

CONCLUSION

Having addressed all rejections and objections, Applicants respectfully submit that the subject application is in condition for allowance and a Notice to that effect is earnestly solicited. If necessary, the Commissioner for Patents is authorized to charge or credit the **Law Office of Thomas M. Isaacson, LLC, Account No. 50-2960** for any deficiency or overpayment.

Respectfully submitted,
